# REGISTER

for the CTASLA Women in the Dirt Program

## LEARNING OBJECTIVES

*Understand the breadth of the profession of landscape architecture through the case studies of seven women landscape architects who practice in California.*

*Understand how cultural elements can be blended with the natural elements to create human places to live, work and play.*

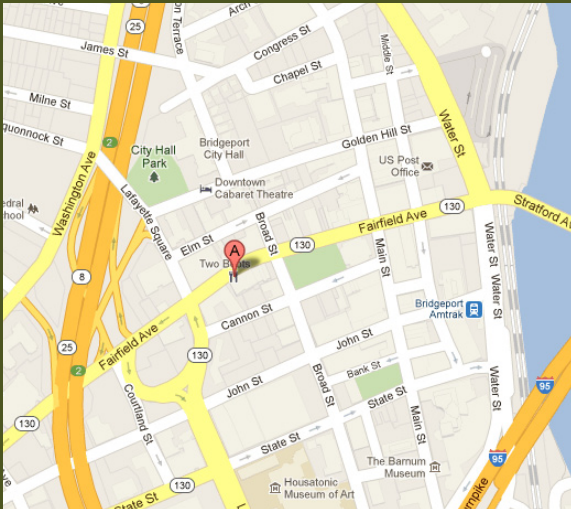

*Understand how personal vision becomes the foundation of practice.*

*Understand how to integrate personal vision with the vision of the client and end user to create successful outdoor places.*
