About ASLA: Founded in 1899, ASLA is the national professional association for landscape architects, representing more than 17,000 members in 48 professional chapters. ASLA promotes the landscape architecture profession and advances the practice through advocacy, education, communication and fellowship.

Landscape architecture is a comprehensive discipline of land analysis, planning, design, management, preservation and rehabilitation. Landscape architects protect public health, safety and welfare through environmentally conscious planning and design. Like engineers and architects, landscape architects are licensed in the state of Connecticut.
