Founded in 1899, **ASLA** is the national professional association for landscape architects, representing more than 16,000 members in 48 professional chapters and 68 student chapters. Landscape architecture is a comprehensive discipline of land analysis, planning, design, management, preservation and rehabilitation. Learn more at www.asla.org.

Echoing the mission of the national organization, the **Connecticut Chapter** — with nearly 275 members across the state — aims to lead, educate and participate in the careful stewardship, wise planning and artful design of our cultural and natural environments. CTASLA strives to advance the profession of landscape architecture in Connecticut by providing educational programs, publications, information and resources to members and to those seeking to benefit from landscape architectural services.
